## INFLATABLE BOAT

### DESCRIPTION

The 12-foot inflatable boat SATURN SD365 is the largest dinghy that is available with a high-pressure inflatable air floor.

SD365 boats are longer and wider than 11ft SD330 models, and take up to a 30 HP out-board motor. SD365 SATURN inflatable boats can be used for anything from a dinghy, to a fishing boat, to even a lifeboat or leisure boat. The SD365 boat is a large boat, but is still lightweight, and can be easily carried by one person with a wheel dolly.

### Product Features

- All around splash guard with grab line.
- Separate internal air chambers.
- One-way drain valve with plug.
- All around, durable rubber strike.
- Safety valve to prevent over inflation.
- Stainless steel D-rings for easy towing.
- Reliable flat air valves with pushpin design.
- Front bow D-ring with integral lifting handle.
- Spare rope for attaching anchor is included.
- Double layer of fabric at the bottom of tubes.
- High-pressure drop stitch air floor is included.
- Holds up to 5 persons maximum or 4 comfortably.
- Deep inflatable V-keel with a rub strake protector.
- 24mm thick heavy-duty marine grade plywood transom.
- Extremely rigid, lightweight hull for excellent performance.
- Lightweight and strong removable aluminum seat benches.
- Free second bench is included when order is placed on-line!
- Equipment: aluminum oars, repair kit, seat bench and carry bag.
- Free, complimentary generic high-volume hand pump is included.

## INFLATABLE RESCUE STRETCHER

### DESCRIPTION

The all-purpose inflatable (API) rescue stretcher is a revolutionary item of emergency rescue equipment that is designed to provide a safe casualty handling solution for any emergency rescue scenario.

Despite its robust construction, the API Stretcher is exceptionally lightweight and easy for one person to carry unladen, making it ideal for casualty recovery in tight or difficult to reach spots. When deflated, the API inflatable rescue Stretcher is compact to store and easily stowed on a vehicle, boat, helicopter or aircraft.

The API stretcher can be inflated using a regulated air cylinder, bellows, or a regulated compressor and takes only minutes to deploy. Once a casualty is in place on the inflatable stretcher it can be easily dragged or tobogganed over any terrain, including snow, sand, marsh and mudflats. It can be lifted by helicopter, hauled in the horizontal or vertical plane, and rigged to a 'Breeches buoy' ship-to-shore transit system. The All Purpose Inflatable Stretcher is supplied with a removable thermal lined canopy to provide all round protection to exposure on land or sea, and in the air. The canopy has an inbuilt face visor and a two way zip to provide quick access to the casualty.

### **Product Features**

- Quick to deploy
- Can be carried by hand or as a back pack
- Suitable for use with a spinal board
- Includes quick release body straps
- Tough and durable: heavy duty anti-chafe Kevlar on underside
- Low maintenance

## MUSTANG SURVIVAL WATER RESCUE KIT

### DESCRIPTION

In an emergency, seconds count. The Mustang Survival Water Rescue Kit contains everything the first responder needs to conduct a basic emergency water rescue: 1 M.I.T. 100 Inflatable PFD, 1 Rescue Stick™ and 1 Throw Bag all in a heavy duty storage case. Complete with quick reference instruction sheet and dessicant.

## Product Features

- 1 M.I.T.100 Inflatable PFD (manual) to protect yourself (USCG Type V (Commercial Use); Type III (Recreational Use))
- 1 MRD100 Rescue Stick™ (automatic) to stabilize the victim
- Rescue Stick™ has 35 lb of buoyancy providing emergency flotation for multiple victims
- 1 MRD075 Throw Bag to retrieve the victim
- 1 customized heavy duty drop tested, impact resistant, air and water tight protective case. This case meets military, ATA and federal specifications

## **NRS RAPID RESCUER RESCUE LIFEJACKET**

### **DESCRIPTION**

The Rapid Rescuer PFD can handle any situation! With 22 lbs of flotation, a wide range of adjustability, and plenty of features, this is everything you will ever need in a rescue vest. The tough 500-denier Cordura shell with box-stitched stress points makes for a durable PFD that will last.

Two huge front pockets stretch to hold anything from a GPS to a VHF marine radio, and three lash tabs on the front are great for knives, whistles or anything else you need to keep handy. A D-ring, strobe holder, and tether attachment round out the attachment points on the front, while a safety light stick holder on the back and reflective tape everywhere keep you very visible. Universal-Plus sizing will fit almost everyone, and with 8 adjustment points you're sure to get a snug and secure fit. The Rapid Rescuer is handy and tough, just what you need in a rescue PFD!.
