technics for life

BIRTH STOOL

We designed the Stool to allow midwives, doulas, and healthcare providers to provide their clients with a great birth experience.

FEATURES

- Portable

The Nascita birth stool is only 3.5 kg (8 lb) and folds up for easy carrying

- Compact

The birth stool is 55 x 41 x 12 cm (21.75 x 16 x 4.75 in) when folded to allow it to fit in tight spaces with your equipment.

- Easy to Clean

We designed every component with infection prevention and control (IPAC) in mind. The entire stool can be easily disassembled. All parts are wipe-able. There are no internal cavities to clean. The legs are solid and the seat is watertight. All materials used are compatible with cleaning products.

Labour Options

The Stool supports a variety of positions to allow your clients to personalize their birth experience.

- The stool has side, front and rear handles for support during use
- Rubber feet offer traction to help prevent slipping
- The stool can be used in the shower and fits in most bathtubs
