FULLY ADJUSTABLE BED BACKREST

Description

Want to sit up in bed? Need some extra support? Our bed backrest is perfect for those who need to be propped up in bed.

FEATURES

FULLY ADJUSTABLE ANGLE:

The angle of the bed backrest can be adjusted into 5 comfortable positions, between 40 degrees and 90 degrees to obtain the perfect position giving you maximum comfort.

BED SUPPORT:

The backrest provides extra support while in bed so you can sit up without having to prop yourself up with loads of pillows and cushions. Perfect for watching a video, reading a book, or eating.

EASY STORAGE:

The bed back rest can be folded flat for compact storage. It can be placed under the bed when not in use. Or taken with you when traveling.

CUSHIONED PILLOW:

The built-in pillow gives extra neck and head support.

MADE STRONG:

The tough metal frame is covered with hard wearing nylon fabric that is easy to clean.

QUALITY PRODUCT:

From Goldfern Mobility (NZ)
